

The Greater Manchester area currently remains under the Local COVID Alert Level High as conversations continue with local leaders.

We are keen to get your help to communicate the Covid Alert Levels and guidance with your networks and also to explain why it is important that we all follow the rules in place in our local areas.

### **Suggested activity**

Please use your voice within your networks to emphasise how important it is to follow the new rules. We have suggested some activities below:

- Share the [Postcode checker](#) so people can find out what measures affect them,
- Share the [Local COVID alert level: very high guidance](#) with your networks
- Share your local Council's social media posts [@ManCityCouncil](#)
- Create content and share via your own and your network's channels including closed groups such as Whatsapp.

Please also let us know what else you need and how we can support you.

### **Key messages**

- Existing national restrictions
  - Hospitality for food and drink will be restricted to table service only.
  - Late night restriction of operating hours will be introduced, so leisure and entertainment venues will be required to close between from 10pm and 5am.
  - People will need to continue to comply with the 'rule of six' where it is against the law to meet people you do not live with in a group larger than six (apart from specific exemptions listed in the [national guidance](#))
